OVERVIEW OF THIS INFORMATION COLLECTION:

1. Type of Information Collection: Revision of a currently approved collection.
2. The Title of the Form/Collection: ViCAP Case Submission Form.

Abstract: Established by the Department of Justice in 1985, ViCAP serves as the national repository for violent crimes; specifically; Homicides (and attempts) that are known or suspected to be part of a series and/or are apparently random, motiveless, or sexually oriented. Sexual assaults that are known or suspected to be part of a series and/or are committed by a stranger. Missing persons where the circumstances indicate a strong possibility of foul play and the victim is still missing. Unidentified human remains where the manner of death is known or

suspected to be homicide. Comprehensive case information submitted to ViCAP is maintained in the ViCAP Web National Crime Database and is automatically compared to all other cases in the databases to identify potentially related cases.

5. An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond: Of the approximately 18,000 government law enforcement agencies that are eligible to submit cases, it is estimated that thirty to fifty percent will actually submit cases to ViCAP. The time burden of the respondents is less than 60 minutes per form.
6. An estimate of the total public burden (in hours) associated with the collection: 5,000 annual burden hours.
